December 21, 2021

To the Honorable Mayor and City Council
of the City of Austell, Georgia

State law requires that every general purpose local government publish, within six months of the close of each fiscal year, a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2021.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

James L. Whitaker, P.C., has issued an unmodified (“clean”) opinion on the City of Austell’s financial statements for the year ended June 30, 2021.

Profile of the government

The City of Austell, incorporated in 1885, is located in the central part of the state, near metro Atlanta. It currently occupies 7.0 square miles and serves a population of 7,354. The City of Austell is empowered to levy a property tax on real property located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which it has done from time to time.

The City of Austell is governed by a mayor-council form of government. Policy-making and legislative authority are vested in the governing council (Council) consisting of the mayor and six other members, three who are elected at large.

Council members serve four-year terms, with three elected every two years. The mayor is elected for a four-year term. The Mayor, with Council approval, appoints the City of Austell's six department heads.

The City of Austell provides a full range of services, including police and fire protection; leaf removal; traffic control; building inspections; licenses and permits; the construction and maintenance of highways, streets, and other infrastructure; and recreational and cultural activities. Water and sewer services are also provided by the City, as well as stormwater; recycling and refuse collection. The City has a third-party provider to pick up all recycling and refuse for its customers.

This report includes all funds of the City, as well as a component unit, Austell Gas System. This component unit is reported in a separate column in the financial statements to emphasize they are a legally separate entity and to differentiate their financial position from the City's.

The annual budget serves as the foundation for the City of Austell's financial planning and control. All departments are required to submit requests for appropriation to the Finance Director. The Finance Director uses these requests as the starting point for developing an annual proposed budget. This budget is then presented to the City Council for review. The City Council is required to hold public hearings on the proposed annual budget and to adopt a final budget no later than June 30, the close of the City of Austell's fiscal year. The appropriated budget is prepared by fund and department on an annual basis. Transfers of appropriations between departments and the appropriation of additional funds, however, require the approval of the City Council. Budget-to actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund and multiple grants fund, this comparison is presented as part of the basic financial statements for the governmental funds. For other governmental funds, this comparison is presented in the Individual Fund Statements subsection of this report.

Local Economy

The City of Austell is a growing community that sits in a prime location near the metro Atlanta area and consists of a collaboration of small business owners with one large manufacturing facility.

The City is currently revitalizing their downtown area with new restaurants and retail stores. Even though the City has tried to promote concerts and festivals for its citizens during the 2020-21 fiscal year, the Coronavirus pandemic continues to impact scheduling. As of June 30, 2021, the City has yet to realize the full economic effect the pandemic has had on its economy. However, the economic effect has been somewhat mitigated with funding from the CARES Act and the American Rescue Plan Act.

Another sign for our local economic health can be seen in our City Tax Digest. We have had growth in our assessed property values for the seventh year in a row. The City's property tax rate is roughly one third of the surrounding areas at 3.250 mils. This has made Austell an attractive place for businesses and investors to annex over the past few years.

Major Initiatives

Downtown revitalization – The City continues investment in building up the downtown area with improvements to its infrastructure. The City is playing a leading role working along side it's business owners to help prioritize planned objectives through an LCI grant awarded in 2020. With the completion of this study, the City has the beginnings of a strategic plan for future development.

New residential development – The City has laid the groundwork for new development and annexations by keeping property taxes manageable, while playing a proactive role in advertising the benefits of living in the City of Austell.

Long-Term Financial Planning and Capital Equipment

The City continues to look toward the future to accommodate maintenance and expansion of its infrastructure, as well as upgrading technical services to provide more effective public safety services. Currently, there are two pump stations connected to our sewer system that need to be eliminated. Funding for these items will be through reserves. The City continues to use SPLOST funds to improve its parks and public works infrastructure as well as enhance public safety technology and equipment.

Other Information

Management Discussion and Analysis

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditor.

Awards and Acknowledgments

Awards and Acknowledgments

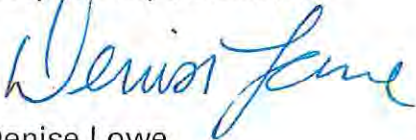

The Government Finance Officers Association (GFOA) awarded a "Certificate of Achievement for Excellence in Financial Reporting" to the City of Austell for its comprehensive financial report for fiscal year ended June 30, 2020. This represents the twenty-fourth year the City has received this prestigious award. In order to be awarded a Certificate of Achievement in Financial Reporting from the Government Finance Officers Association (GFOA), a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such reports must satisfy Generally Accepted Accounting Principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. I believe our current comprehensive financial report continues to meet the Certificate of Achievement Program requirements, and I am submitting it to GFOA to determine its eligibility for another certificate.

The active involvement and professional support of James L. Whitaker, P.C. has been instrumental to the prompt completion of the associated audit of this report. The cooperation of various elected officials and appointed management has been invaluable.

We would like to express our appreciation to all members of the City who assisted and contributed to the preparation of this report. Due credit should also be given to the Mayor and Council for their interest and support in planning and conducting the operations of the government in a responsible and progressive manner.

Respectfully submitted,

Denise Lowe

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of City Council
City of Austell, Georgia

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of City of Austell, Georgia (the City) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Austell Natural Gas System, which statements reflect 100% of the assets and deferred outflows of resources, liabilities and deferred inflows of resources, net position, revenues and expenses of the aggregate discretely presented component unit. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Austell Natural Gas System, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly , in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Austell, Georgia, as of June 30, 2021 and the respective changes in financial position and, where applicable, cash flows, thereof, and the respective budgetary comparisons for the General Fund and the Multiple Grants Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 12 and the Schedule of Changes in The Net Pension Liability and Related Ratios on pages 52 through 54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Austell, Georgia's basic financial statements. The introductory section, combining nonmajor and individual fund financial statements and budget schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements and the individual fund financial statements and budgetary schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements and the individual fund financial statements and budgetary schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued a report dated December 21, 2021 on our consideration of City of Austell, Georgia's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering City of Austell, Georgia's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "James A. Whitaker, P.C." The signature is written in a cursive style with a large initial 'J'.

Snellville, Georgia
December 21, 2021

City of Austell, Georgia
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021

Management's discussion and analysis provides an objective and easily readable analysis of the City of Austell, Georgia's (the City) financial activities based on currently known facts, decisions or conditions. The analysis provides current fiscal year summary financial information for the City of Austell, Georgia and should be read in conjunction with the City's financial statements and transmittal letter.

Financial Highlights

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$30,268,316 (net position). Of this amount, \$4,475,417 (unrestricted net position) may be used to meet the City's ongoing obligations to its citizens and creditors.
- The City had a decrease in net positions of (\$16,719) compared to an increase of \$3,076,880 in the prior fiscal year. Decreases in gain on sale of capital assets resulting from the sale of city owned land in the prior year substantially attributed to the negative change in net position for the year.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$15,085,567. This represents an increase from the prior fiscal year of approximately \$573,377 due primarily to the increase in franchise fee revenues and CARES Act funding and SPLOST.
- At the end of the current fiscal year, unassigned fund balance of the General Fund was \$6,314,928 or 68% of total current fiscal year General Fund expenditures. In the prior year, unassigned fund balance was \$7,054,727 or 79% of General Fund expenditures. An additional \$1,000,000 appropriated for the removal of two pump stations is still allocated for next year.

Overview of the Financial Statements

The City's basic financial statements include three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements and fund financial statements provide different pictures of the City of Austell, Georgia. The government-wide financial statements provide an overall picture of the government's financial standing, split between governmental activities and proprietary fund activities.

The *Statement of Net Position* presents information on all the City's assets and deferred outflows and liabilities and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* reports how the City's net position changed during the current fiscal year. All current fiscal year revenues and expenses are included regardless of when the cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the City's distinct activities or functions on revenues provided by the City's taxpayers.

In the Statement of Net Position and the Statement of Activities, the City is divided into three kinds of activities:

- Governmental activities – Most of the City's basic services are reported here, including the police, fire, community development, and general administration. Many of these activities are financed by property taxes, occupational taxes, intergovernmental revenue (SPLOST), fines & forfeitures, franchise taxes, and ownership fees.

City of Austell, Georgia
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021

- Business-type activities – The City charges a fee to customers to help cover all or most of the cost of certain services it provides. The City's water and sewer system, stormwater system, solid waste, and the Threadmill Complex are reported here.
- Component units - The City has one legally separate entity, Austell Natural Gas System. Although legally separate, this "component unit" is important because the City is financially accountable for it.

The government-wide financial statements are presented on pages 13-15 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. Within the basic financial statements, fund financial statements focus on the City's most significant funds rather than the City as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

The City of Austell has two kinds of funds:

- **Governmental funds** – The majority of the City's basic services are reported in governmental funds, which focus on how money flows in and out of those funds and the balances left at fiscal year-end that are available for spending. These funds are reported using an accounting method identified as the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted into cash. Governmental fund information assists in determining whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The relationship or differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds are detailed in a reconciliation following the fund financial statements.

The basic governmental fund financials are presented on pages 16-21 of this report.

The City maintains one (1) General Fund, four (4) special revenue funds and four (5) capital projects funds. The City's General Fund is used for normal recurring activities of the City (i.e., police, fire, recreation, public works, and general government). The City's special revenue funds are: Confiscated Assets, Emergency Telephone System, Multiple Grants, and Hotel/Motel Tax funds. The capital projects funds are: 2005 Cobb County SPLOST, 2011 Cobb County SPLOST, 2016 Cobb County SPLOST, Austell Area Community Improvement Council (AACIC), and 2017 Douglas County SPLOST. Of these funds, the General Fund, Multiple Grants Fund, 2011 Cobb County SPLOST Fund, 2016 Cobb County SPLOST, and the AACIC Fund are considered major funds and are presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances. Data from the remaining governmental funds are combined into a single, aggregate presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

- **Proprietary Funds** – The City of Austell, Georgia charges customers for the services it provides, whether to outside customers or to other units within the City. These services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's enterprise funds (a component of proprietary funds) are identical to the business-type activities that are reported in the government-wide statements, but provide more detail and additional information, such as cash flows, for proprietary funds. These are reported in the fund financial statements and generally report services for which the City charges a fee. The City of Austell reports four proprietary funds which are classified as enterprise funds. The enterprise funds are Water and Sewer, Stormwater, Solid Waste, and the Threadmill Complex funds. Of these funds, the Water and Sewer Fund, Stormwater and Threadmill Complex Fund are considered major funds.

City of Austell, Georgia
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021

The basic enterprise fund financial statements are presented on pages 22-25 of this report.

Notes to the Basic Financial Statements

The financial statements include notes that explain some of the information in the financial statements and provide information that is more detailed. The notes are essential for a better understanding of the government-wide and fund financial statements.

The notes are presented on pages 26-49 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning an analysis of pension plan funding progress. Required supplemental information can be found following the basic financial statements. The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information, along with other individual fund budgetary information.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by \$30,268,316 at the close of the most recent fiscal year.

A portion of the City's net position (59%) reflects its investment in capital assets such as land, buildings, infrastructure, machinery and equipment, less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The City has restricted net position of \$7,896,673 which is restricted for capital construction, law enforcement activities, tourism and development, and community enhancements as compared to \$6,478,212 of restricted net position of the prior fiscal year. The remaining balance of unrestricted net position \$4,475,417 may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City can report positive balances in all three categories of net position, governmental activities, business-type activities, and the City's discretely presented component unit.

City of Austell, Georgia
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021

Net Position

As noted earlier, the City's combined net position totals \$30,268,316 (excluding the City's component unit).

The following table provides a summary of the City's governmental and business-type activities' net position for the fiscal years ended 2021 and 2020:

Condensed Statement of Net Position
June 30, 2021 and 2020

City of Austell, Georgia
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021

Governmental Activities

Governmental activities increased the City's net position by \$144,926. This can be attributed to increased revenue from franchise fees.

Revenues for Governmental Activities decreased by 16% compared to 2020.

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021

Business-Type Activities

Major revenue sources for the proprietary funds were charges for services of \$6,000,426. This is a 3% decrease from the previous fiscal year. Expenses for the proprietary funds were \$6,863,228 which is a 1% increase from the previous fiscal year. This increase is mostly the result of water usage, changes to pension benefits, and repair and maintenance expenses for Threadmill Complex for the fiscal year 2020.

Financial Analysis of the City's Individual Funds

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of available resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

As of June 30, 2021, the City's governmental funds reported a combined ending fund balance of approximately \$15.1 million. Of this total, approximately \$7.2 million or 48% constitutes unassigned fund balance, which is available for spending in the next fiscal year. The remainder of fund balance is either nonspendable, restricted, committed, or assigned as to indicate that it is not available for new spending because it has already been committed for a variety of restricted purposes.

The General Fund is the primary operating fund of the City. For the fiscal year ended June 30, 2021, unassigned fund balance of this fund was approximately \$6.3 million, while total fund balance was approximately \$7.3 million. As a measure of the General Fund's liquidity, it may be useful to compare both

City of Austell, Georgia
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021

unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 68% of total General Fund expenditures, while total fund balance represents 78% of that same amount.

The fund balance of the General Fund decreased by (\$792,951) during the fiscal year. Interfund transfers explains much of the decrease.

The fund balance of the 2011 Cobb County SPLOST Fund decreased (\$71,903) during the fiscal year. The key factors in this decrease is that the City purchased additional public safety equipment and computer upgrades. This fund is also no longer receiving revenue as this tax has expired. Fund balance will continue to decrease until all funds are spent.

The fund balance of the 2016 Cobb County SPLOST Fund increased by \$1,114,515 during the fiscal year. The key factors are the completion of transportation projects in prior years and delays in starting new projects due to the Coronavirus pandemic.

The fund balance of the AACIC fund decreased (\$70,138) due to the markets effect on investment interest.

The fund balance of the Multiple Grants Fund decreased (\$49,265) during the fiscal year as a result of spending funds received from prior years.

Enterprise Funds

The City's enterprise funds provide the same City type of information found in the government-wide financial statements, but in more detail.

Net position for the Water and Sewer fund increased by \$182,678 due to interfund transfers from the General Fund. The Threadmill, Stormwater, and Solid Waste Funds change in net position was a combined net decrease of (\$344,323), resulting in total net asset decrease of (\$161,645) largely due to the decrease in Threadmill revenue from loss of large tenant.

Budgetary Highlights

The legal level of control (the level at which expenditures may not legally exceed appropriations) for each legally adopted annual operating budget is at the department level. The most significant budgeted fund is the General Fund. The City Council amended the General Fund budget at various times throughout the fiscal year.

During the year there were significant budget amendments increasing healthcare to adjust for changes in premiums. And interfund transfers to Water and Sewer fund.

The most significant differences between estimated revenues and actual revenues were in property tax and Franchise and Taxes of \$476,152, which is due to increases in ownership fees from Austell Gas System and motor vehicle taxes and a (\$555,999) shortfall in Fines and Forfeitures.

Franchise and Other Taxes are expected to level off over the next few years with modest increases from property tax revenues and ownership fees. Fines and forfeitures may increase over the next year as the effects of the Coronavirus pandemic dissipate.

Capital Assets

The City's investment in capital assets, net of accumulated depreciation, for governmental and business-type activities for the current fiscal year ended June 30, 2021, was \$10,710,984 and \$7,736,673 respectively. This investment in capital assets includes land, buildings, improvements, machinery and equipment, infrastructure and construction in progress. The major additions and deletions to capital for the fiscal year were:

City of Austell, Georgia
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021

- Added new vehicles and equipment for public safety.
- Added new infrastructure and equipment purchased with SPLOST funds.
- Upgrades to existing computer network
- Changes to the City's fixed asset policy increasing the fixed asset threshold from \$1,000 to \$3,000.

At June 30, 2021, the depreciable capital assets for governmental activities were 55% depreciated. The business-type activities are 58% depreciated.

Additional information on the City's capital assets can be found in Note 5 of the Basic Financial Statements of this report.

Long-Term Debt

During the current fiscal year, the City retired \$45,092 of outstanding capital lease obligations. At the end of the current fiscal year, the City of Austell had total debt outstanding of \$4,868,580 in which the majority of the debt included \$3,922,855 in pension liability due to changes in the retirement plan.

Additional information on the City's long-term debt can be found in the Notes of the Basic Financial Statements section of this report.

Economic Conditions Affecting the City

Key assumptions for fiscal year 2021 are summarized as follows:

- Continuing with the coronavirus pandemic, the City has made progress to keep the same level of service for its citizens. Although the financial affects are still not fully realized as of June 30, 2021, the impact on fines and forfeitures has been substantial. Other impacts are the collection process for utility accounts and the implementation of hazard pay for public safety employees exposed to the general public. All these factors combined will continue to impact the City until fiscal year 2022.
- 2022 SPLOST referendum was passed allowing the City to continue to improve transportation, enhance parks and purchase needed public safety equipment.
- In 2021, the City had a large tenant move out of the Threadmill Complex that has had a detrimental affect on revenue. Coupled with repairs and maintenance costs for the building, this will have a significant economic impact. The City is actively seeking another large tenant.
- The City is eligible to receive ARPA funding to help offset costs associated with supplies, salaries, technology equipment and lost revenue to the City.

Request for Information

This financial report is designed to provide a general overview of the City's finances, compliance with finance-related laws, and regulations and demonstrate the City's commitment to public accountability. Questions concerning any of the information provided in this report or request for additional information should be addressed to Denise Lowe, Finance Director, City of Austell, 2716 Broad Street, SW, Austell, Georgia 30106.

A complete set of financial statements for the City's component unit, Austell Natural Gas System, may be obtained at the entity's administrative offices at 2838 Joe Jerkins Blvd; P.O. Box 685, Austell, Georgia 30106.

CITY OF AUSTELL, GEORGIA
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
JUNE 30, 2021

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balances -- total governmental funds	\$ 15,085,567
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	10,710,984
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds:	
Unavailable revenues	341,057
Deferred inflows and outflows related to the net pension obligation is not a current asset or liability:	
Deferred outflows	1,286,707
Deferred inflows	(412,623)
Long-term liabilities are not due in the current period and therefore are not reported in the funds:	
Capital leases	-
Accrued interest	-
Compensated absences	(404,853)
Net pension obligation	<u>(3,134,363)</u>
Net position of governmental activities	<u><u>\$ 23,472,476</u></u>

CITY OF AUSTELL, GEORGIA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL ACTIVITIES
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2021

Net change in fund balances - total governmental funds	\$	573,377
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense</p>		
Capital outlay		727,037
Depreciation expense		(1,015,362)
<p>The net effect of other miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position. This is the amount of net book value of assets disposed of during the current period.</p>		
Net book value of assets disposed of		(256,313)
<p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. This is the difference between the beginning and ending unavailable revenue balances in the current period.</p>		
		39,780
<p>The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.</p>		
Repayment of long term debt		45,092
Debt issuance		-
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.</p>		
Change in net pension obligation and related deferred items		38,220
Change in accrued interest payable		1,243
Change in compensated absences		(8,148)
		(8,148)
Change in net position of governmental activities	\$	144,926

See accompanying notes to the basic financial statements

NOTES TO THE FINANCIAL STATEMENTS

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Basis of Presentation

The financial statements of the City of Austell, Georgia (the "City") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

B. The Reporting Entity

The City of Austell, which was founded in 1885, operates under the mayor-Council form of government and provides the following services to its citizens: public safety (police and fire); highways and streets; water, sewer, stormwater, and sanitation; public improvements; planning and zoning; and general administrative services.

Based upon criteria set forth by Governmental Accounting Standards Board (GASB) 61 "The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and 34," the accompanying financial statements present the City and its component unit, for which the City is considered to be financially accountable. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City.

Discretely Presented Component Unit

The Austell Natural Gas System (the "System") is shown as a discretely presented component unit in the accompanying financial statements. The purpose of the System is to provide natural gas and related services throughout the City of Austell. The System currently serves customers in the City of Austell and residents of Cobb County and Douglas County, Georgia. The Mayor appoints all members to the System's Board and the City is financially responsible for the payment of the debt issued by the System. The System has a July 31 fiscal year-end. Amounts shown as due from component unit and due to primary government may differ due to the City having a June 30 fiscal year-end, whereas the System has a July 31 fiscal year-end. Complete financial statements for the System can be obtained at the System's administrative offices at 2838 Joe Jerkins Boulevard, Austell, Georgia 30106.

C. Government-Wide Statements and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the activities of the primary government and its component unit. (For the most part, the effect of interfund activity has been removed from the government-wide financial statements). Government-wide financial statements do not provide information by fund, but distinguish between the City's governmental activities and business-type activities. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the legally separate component unit for which the primary government is financially accountable. The statement of net position will include non-current assets and non-current liabilities. In addition, the government-wide statement of activities reflects depreciation expense on the City's capital assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not considered program revenues are reported instead as general revenues.

(See Independent Auditor's Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

C. Government-Wide Statements and Fund Financial Statements – (Continued):

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

A. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the economic resource measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the fiscal year for which they are levied. Grants and similar items are recognized as soon as all eligibility requirements imposed by the provider have been met. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgements, are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, licenses and permits, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

In accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Non-exchange Transactions," the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

In accordance with GASB Statement No. 34, major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The 2011 and 2016 Cobb County SPLOST Capital Projects Funds accounts for the acquisition and construction of major capital facilities and improvements that were approved by the voters of Cobb County, Georgia through the special purpose local option sales tax referendum. The amounts collected in these funds are restricted to be spent on capital projects throughout the City.

The Austell Area Community Improvement Council Capital Projects accounts for monies contributed by the Norfolk Southern Company for the purpose of constructing public facilities throughout the City or for other betterments of the community. The amounts collected in this fund, including interest revenue earned, are committed for certain items that lead to the betterment of the community. All expenditures from this fund are approved by the Austell Area Community Council Board and may include expenditures for supplies, services as well as capital projects.

(See Independent Auditor's Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

D. Measurement Focus, Basis of Accounting, and Basis of Presentation – (Continued):

The Multiple Grants Special Revenue Fund accounts for grant monies received from a variety of Federal and State agencies. These specific revenue sources are either restricted or committed to expenditures for specified purposes other than debt services or capital projects.

Additionally, the City reports the following fund types within the nonmajor governmental funds:

The special revenue funds account for revenue sources that are legally restricted and committed to expenditures for specific purposes.

The capital projects fund account for acquisition and construction of major capital facilities other than those financed by proprietary funds.

The City reports the following major proprietary funds:

The Threadmill Complex Fund accounts for the operations of the Threadmill Complex which is used for City offices and spaces rented to private businesses and other governmental agencies.

The Water and Sewer Fund accounts for the activity of the City's utility system.

The Stormwater Fund accounts for the activity of the City's stormwater system.

Additionally, the City reports the following fund as a nonmajor proprietary fund:

The Solid Waste Fund is used to account for the City's solid waste collection, recycling, and disposal activities. The City does contract with a private corporation for these services.

In accounting and reporting for its proprietary operations, the City applies all Governmental Accounting Standards Board (GASB) pronouncements. The City applies GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. Statement No. 62 incorporated into the GASB's authoritative literature certain accounting and financial reporting guidance issued on or before November 30, 1989.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges for goods and services provided. Operating expenses of the enterprise funds include the cost of these goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

E. Budgets

Annual appropriated budgets are adopted for all funds. Capital Projects Funds have a project length budget. The budgets for the proprietary funds are for management control purposes and are not required to be reported. Budgets are adopted on a modified accrual basis, which is consistent with generally accepted accounting principles for governmental funds. All appropriations lapse at fiscal yearend. Encumbrance accounting – under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation – is not employed by the City.

(See Independent Auditor's Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

F. Deposits and Investments

Georgia Statutes authorize the City to invest in the following: (1) obligations of Georgia or any other States; (2) obligations of the United States; (3) obligations fully insured or guaranteed by the United States government or one of its agencies; (4) obligations of any corporation of the United States government; (5) prime banker's acceptances; (6) the State of Georgia local government investment pool; (7) repurchase agreements; and (8) obligations of any other political subdivision of the State of Georgia. Any investment or deposit in excess of the federal depository insured amounts must be collateralized by securities equal to at least 110% of the excess deposits.

For purposes of the statement of cash flows, all highly liquid investments with an original maturity of less than 90 days are considered to be cash equivalents. Investments are reported at fair value as determined by quoted market prices.

G. Short-Term and Long-Term Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year, as well as all other outstanding balances between funds is reported as "due to/from other funds and advances to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." Customer accounts receivable include billed but uncollected amounts and unbilled receivables based upon a pro rata amount of subsequent monthly billings. Allowances for doubtful accounts are maintained based on historical results adjusted to reflect current conditions.

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

H. Inventories

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) methods. Inventories consist of expendable supplies held for consumption. The cost is recorded as an asset at the time the individual item is purchased. Inventories (if any) reported in the governmental funds are equally offset by a nonspendable fund balance, which indicates that they do not constitute "available, spendable resources" even though they are a component of net current assets.

I. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2021, are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items reported in the governmental funds are equally offset by a nonspendable fund balance, which indicates that they do not constitute "available, spendable resources" even though they are a component of net current assets. The city uses the consumption method to account for prepaid items.

J. Restricted Assets

Certain proceeds of revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants, if applicable. Other restricted assets exist due to enabling legislation, grant agreements or other contractual requirement.

(See Independent Auditor's Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

K. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the governmental-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$3,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value. Infrastructure (e.g. roads, bridges, sidewalks, and similar items) prior to July 1, 2003 have not been reported.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets of the primary government, as well as the component unit, are depreciated using the straight line methods over the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Infrastructure	25-50
Buildings and improvements	30
Vehicles	5-7
Furniture and fixtures	7-10
Machinery and equipment	3-15
Computer equipment	3-5

L. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for non-vesting accumulated rights to receive sick pay benefits since the City does not have a policy to pay any amounts when employees separate from service with the City. All vacation pay is accrued when incurred in the governmental-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

M. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts are accrued and amortized over the term of the bonds using the effective interest method. Bonds payable are reported net of the applicable discount or premium. Issuance costs are expensed in the period in which they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs in the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures.

(See Independent Auditor's Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

N. Fund Equity and Net Position

Fund equity at the governmental fund financial reporting level is classified as “fund balance.” Fund equity for all other reporting is classified as “net position.”

Fund Balance – Generally, fund balance represents the difference between the assets, deferred inflows of resources, and liabilities under the current financial resources management focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e. items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by a formal vote and passage of an ordinance of the City Council. Only the City Council may modify or rescind the commitment by passage of a subsequent ordinance.

Assigned – Fund balances are reported as assigned when amounts are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed. The fund balance policy approved by an Ordinance of the City Council expressly delegates the authority to assign fund balance to the City’s Finance Director.

Unassigned – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the General Fund. Only deficits in fund balances may be reported as unassigned fund balance in other governmental funds.

Flow Assumptions – when both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City’s policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City’s policy to use fund balance in the following order: (1) Committed, (2) Assigned, and (3) Unassigned.

Net Position – Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources in reporting, which utilizes the economic resources measurement focus. Amounts shown as net investment in capital assets are made up of capital asset costs, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e. the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted. The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available. The City’s government-wide statement of net position reports \$7,896,673 of restricted net position of which \$2,671,613 is restricted by enabling legislation.

(See Independent Auditor’s Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

O. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenditures/expenses during the period. Actual results could differ from those estimates.

P. Interfund Transactions

Interfund services provided and used in the fund financial statements are accounted for as revenue, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as a reduction of expenditures/expenses in the fund that is reimbursed. Interfund services provided and used are not eliminated in the process of consolidation.

Q. Deferred Outflows / Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense / expenditures) until then. The City has one item that qualifies for reporting in this category as of June 30, 2021 which is deferred pension outflows recognized in the Statements of Net Position.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City recognizes deferred pension inflows in its Statements of Net Position and also recognizes unavailable revenue, which is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and grants.

R. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the City of Austell Retirement Plan (ARP) and additions to / deductions from ARP's fiduciary net position, all have been determined on the same basis as they are reported in the ARP. For this purpose, benefit payments (including refunds of employee contributions, if applicable) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

(See Independent Auditor's Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

2. LEGAL COMPLIANCE - BUDGETS

The City of Austell, Georgia employs the following procedures in establishing its annual budget:

1. The administration of the City submits a proposed operating budget to the Mayor and City Council. The operating budget includes proposed expenditures and the means for financing them.
2. Prior to any action by the Mayor and City Council, the City publishes the proposed budget and makes copies available to the residents of the City.
3. Public meetings are held to obtain taxpayer comments.
4. The budget is then legally enacted through passage of a resolution by the Mayor and City council.
5. Budgetary control is exercised at the department level. The City administration is authorized to transfer budget amounts within a department; any revisions that alter the total expenditures of a department require a budget amendment by the Mayor and City Council. The City did amend the budgets for various funds in September 2021.
6. Budgets are prepared on the GAAP basis.

None of the City's funds or departments had material excesses (if over 5 percent and greater than \$5,000) of actual expenditures over appropriations for the fiscal year ended June 30, 2021.

(See Independent Auditor's Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

3. DEPOSITS and INVESTMENTS

Total reported cash and investments as of June 30, 2021 are summarized as follows:

<u>Cash and investments</u>	<u>Amount</u>
Cash and Cash Equivalents	\$ 2,747,194
Investments -	
Georgia Fund 1	7,332,235
Certificates of Deposit	-
	<u>\$ 10,079,429</u>

Interest rate risk – The City has a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

“Georgia Fund 1”, created by OCGA 36-83-8, is a stable net asset value investment pool which follows Standards and Poor’s criteria for AA Af rated money market funds. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company. The pool’s primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participants’ shares sold and redeemed on \$1.00 per share. The fund is managed by the Georgia Office of State Treasurer (OST). OST is guided by the policies of the State Depository Board and OCGA 55-17-2 and 50-17-63.

<u>Investment</u>	<u>Fair Value</u>	<u>Average Maturities</u>	<u>Rating</u>	<u>Organization</u>
All Funds With Investments -				
Georgia Fund 1	\$ 7,332,235	36 days	AA Af	S & P

Custodial Credit Risk – Deposits: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes and City policy require all deposits and investments (other than Federal or State government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of June 30, 2021, \$2,586,352 of the City’s bank balance of \$2,907,478 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$ -
Collateralized with securities held by the pledging financial institution or its agent	<u>2,586,352</u>
Total	<u>\$ 2,586,352</u>

(See Independent Auditor’s Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

4. RECEIVABLES

Property taxes are levied on property values assessed as of January 1. The tax bills are levied on July 1. Tax billings are mailed in the month of November and considered due upon receipt by the taxpayer, however, the actual due date is December 31st. After this date, the bill becomes delinquent and penalties and interest may be assessed by the City. Property taxes are recorded as receivables and deferred inflows of resources when levied. Revenues are recognized when available.

For the City’s Stormwater Enterprise Fund, stormwater fees are billed annually on the property tax bill.

Receivables at June 30, 2021, for the City’s individual major funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

Governmental Funds	General Fund	2016 Cobb	Austell Area	Multiple Grants Fund	Other Nonmajor Funds

Depreciation of the original cost of depreciable assets is calculated using the composite straight-line method at the following rates:

Gas utility system	3.25%
Furniture, fixtures, and equipment	10.00
Electronic data procession equipment	16.67
Transportation vehicles	25.00

This composite method of depreciation as allowed by GASB No. 34 refers to the depreciation of a grouping of dissimilar assets of the same class using a uniform rate of depreciation as noted above. GASB No. 34 allows the rate of depreciation to be calculated in different ways. The method chosen by the Gas System is to base the rate of depreciation on its assessment of the life of the group of assets as a whole.

(See Independent Auditor's Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

6. OPERATING LEASES

The City is the lessor of office space at the Threadmill Complex. During fiscal year 2021, the City received \$1,029,872 in operating lease revenue. The carrying value of the land, building and improvements and machinery & equipment of \$4,210,304 (cost of \$8,955,201 less accumulated depreciation of \$4,744,897, which includes \$321,154 depreciation expense in fiscal year 2021) is included in capital assets in the Threadmill Complex Fund. Most leases are year-to-year and expire at various times throughout the year. However, there is one lease with terms extending beyond the end of the next fiscal year.

Expected lease revenues from this tenant in future fiscal years are as follows:

<u>Fiscal year ending</u>	<u>Total Revenues</u>
2022	\$ 12,000
2023	12,000
2024	12,000
2025	12,000
2026-2029	36,000

The City did loose a major tenant of the Threadmill Complex in March 2021. This will reduce the City’s future rental income from the Threadmill Complex by approximately \$775,000 a year or 60%. Management is currently striving to find a replacement.

7. LONG-TERM DEBT

Changes in Long-Term Debt

The following is a summary of changes in long-term debt reported in the government-wide financial statements for the year ended June 30, 2021:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Current Portion</u>
Governmental Activities					
Capital leases - Direct borrowings	\$ 45,092	\$ -	\$ (45,092)	\$ -	\$ -
Compensated Absences	<u>396,705</u>	<u>290,500</u>	<u>(282,352)</u>	<u>404,853</u>	<u>50,000</u>
Total Governmental-Type Activity Long-Term Debt	<u>\$ 441,797</u>	<u>\$ 290,500</u>	<u>\$ (327,444)</u>	<u>\$ 404,853</u>	<u>\$ 50,000</u>
Business-Type Activities					
Capital leases - Direct borrowings	\$ -	\$ 558,306	\$ (6,875)	\$ 551,431	\$ 11,700
Compensated Absences	<u>72,792</u>	<u>65,295</u>	<u>(69,899)</u>	<u>68,188</u>	<u>17,047</u>
Total Business-Type Activity Long-Term Debt	<u>\$ 72,792</u>	<u>\$ 623,601</u>	<u>\$ (76,774)</u>	<u>\$ 619,619</u>	<u>\$ 28,747</u>

For governmental funds, compensated absences and net pension liabilities are liquidated by the General Fund from which employees’ salaries are paid. For business-type activities, compensated absences and net pension liabilities are liquidated by the Threadmill Complex Fund, the Water and Sewer Fund, the Stormwater Fund, and the Solid Waste Fund from which employees’ salaries are paid. Capital leases are currently being liquidated by the Cobb County SPLOST 2016 Fund and the Water and Sewer Fund.

(See Independent Auditor’s Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

7. LONG-TERM DEBT – (Continued)

Direct Borrowings –

Capital Leases - The City entered into a lease-purchase and security agreement during fiscal year ended June 30, 2021, for the purchase of a meter reading system and related equipment. The City intends to continue to abide by the terms of the 15-year lease agreement, which is at least 75% of the expected life of the equipment. The assets and related liability are recorded at the present value of future payments due under the lease. The original cost of these assets amounted to \$571,706 and had \$38,114 of depreciation expense recorded for the year. Accumulated depreciation on the equipment amounted to \$38,114 as of June 30, 2021. The imputed interest rate associated with the lease agreement is 15.17%

The City’s total capital lease debt service requirements to maturity are as follows:

Fiscal Year Ending June 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	\$ 11,700	\$ 82,861	\$ 94,561
2023	13,603	80,957	94,560
2024	15,817	78,744	94,561
2025	18,390	76,170	94,560
2026	21,382	73,178	94,560
2027	24,861	69,699	94,560
2028	28,906	65,654	94,560
2029	33,610	60,951	94,561
2030	39,078	55,482	94,560
2031	45,436	49,124	94,560
2032	52,829	41,732	94,561
2033	61,424	33,136	94,560
2034	71,419	23,142	94,561
2035	83,039	11,522	94,561
2036	<u>29,937</u>	<u>1,583</u>	<u>31,520</u>
Total	<u>\$ 551,431</u>	<u>\$ 803,935</u>	<u>\$1,355,366</u>

(See Independent Auditor’s Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

7. LONG-TERM DEBT – (Continued)

Austell Natural Gas System

Long-term debt activity for the fiscal year ended July 31, 2021, is as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Current Portion</u>
Austell Natural Gas System					
Compensated absences	\$ 608,740	\$ 436,540	\$ (608,740)	\$ 436,540	\$ 436,540
Financed purchases from direct borrowings	<u>186,070</u>	<u>45,337</u>	<u>(42,990)</u>	<u>188,417</u>	<u>48,758</u>
Total	<u>\$ 794,810</u>	<u>\$ 481,877</u>	<u>\$ (651,730)</u>	<u>\$ 624,957</u>	<u>\$ 485,298</u>

Financed purchases from direct borrowings – Equipment. The Gas System has entered into a lease agreement as lessee for financing the acquisition of customer database hardware. The lease agreement qualifies as a capital lease for accounting purposes (ownership transfers to the Gas System at the inception of the lease), and therefore have been recorded at the present value of the future minimum lease payments as of the date of their inception. The original cost of the City’s assets under a capital lease arrangement at July 31, 2021 is \$207,548 and there has been \$56,768 of accumulated depreciation as of fiscal year-end. Annual depreciation of \$34,592 is included in depreciation expense.

During the fiscal year ended July 31, 2021, the Gas System also entered into an additional finance purchase agreement for the acquisition of additional customer database hardware. The original cost of the City’s assets under the finance purchase agreement at July 31, 2021 is \$45,337 and there has been \$5,810 of accumulated depreciation as of fiscal year-end. Annual depreciation (\$5,810) of these assets is included in depreciation expense.

The Gas System’s total financed purchase payable debt service requirements to maturity are as follows:

Fiscal Year Ending July 31,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	\$ 48,758	\$ 12,872	\$ 61,630
2023	51,494	9,038	60,532
2024	54,383	4,989	59,372
2025	29,442	1,229	30,671
2026	<u>4,340</u>	<u>96</u>	<u>4,436</u>
Total	<u>\$ 188,417</u>	<u>\$ 28,224</u>	<u>\$ 216,641</u>

(See Independent Auditor’s Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

8. INTER-FUND TRANSACTIONS

The composition of interfund receivable and payable balances at June 30, 2021 were as follows:

Payable To	Payable From					Total
	General	Multiple Grants Fund	Cobb County 2011 SPLOST	Cobb County 2016 SPLOST	Douglas County 2017 SPLOST	
General	\$ -	\$ 77,618	\$ 1,106	\$ 13,451	\$ 8,509	\$ 100,684
Austell Area						-
Community Council	375,230	-	-	-	-	375,230
Cobb Co Splost 2011	-	-	-	-	-	-
Cobb Co Splost 2016	-	-	-	-	-	-
Total	\$ 375,230	\$ 77,618	\$ 1,106	\$ 13,451	\$ 8,509	\$ 475,914

All interfund balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. Amounts will be repaid in fiscal year 2022.

Due to/from primary government and component units:

Payable To	Payable From
	Austell Natural Gas System
General	\$ 5,312,930

At June 30, 2021, Austell Natural Gas System owed the primary government \$5,312,930. However, the Gas System reported a payable of \$5,563,650. The difference is a result of the Gas System's fiscal year-end being July 31, 2021 and reporting \$250,720 of additional fees due to the primary government.

(See Independent Auditor's Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

8. INTER-FUND TRANSACTIONS – (Continued)

Interfund transfers for the year ended June 30, 2021, were as follow:

Transfer To	Transfer From			Total
	General	Threadmill	Stormwater	
General Fund	\$ -	\$ 38,059	\$ 52,432	90,491
Multiple Grant	56,855	-	-	56,855
Non-major	472,391	-	-	472,391
Water & Sewer	678,256	-	-	678,256
Solid waste	13,967	-	-	13,967
Total	<u>\$ 1,221,469</u>	<u>\$ 38,059</u>	<u>\$ 52,432</u>	<u>\$ 1,311,960</u>

Transfer are used to (1) move revenues from the fund that statute or budget requires collecting them to the fund that statute or budget requires to expend them, (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and (3) use unrestricted revenues of the General Fund to cover the operational shortfalls of the other funds.

(See Independent Auditor’s Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

9. EMPLOYEE BENEFIT PLANS

Defined Benefit Plan – GMA Administered

Plan Description

The City, as authorized by the City Council, has established a defined benefit pension plan (The City of Austell Retirement Plan) covering all full-time employees. The City’s pension plan is affiliated with the Georgia Municipal Employee Benefit System (GMEBS), an agent multiple-employer pension plan administered by the Georgia Municipal Association. Contributions made by the City are commingled with contributions made by other members of GMEBS for investment purposes. The City does not own any securities on its own. Investment income from the securities is allocated on a pro rata basis. The Georgia Municipal Association issues a publicly available financial report that includes financial statements and required supplementary information for GMEBS. That report may be obtained by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, NW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

As provided by State law, benefit provisions for Participants in GMEBS are established and amended by the respective employers. As authorized by the City Council, the Plan provides pension benefits and death and disability benefits for Plan members and beneficiaries. All employees, excluding elected officials, who work thirty hours or more per week, are eligible to participate immediately upon hiring. Benefits vest after five years of service. A City employee who retires at age 65 with five years of service is entitled to benefits of 2.0% of final average earnings in excess of covered compensation. Early retirement may be elected by an employee who has reached age 55 and has 10 years of service for reduced benefits. Elected officials are entitled to \$52 for each year of service after reaching normal retirement age. Ten years of service is required for nonservice related disability benefits. Disability benefits are paid out at 20% of an employee’s current salary if they have at least 10 years of service. Death benefits are calculated using an actuarial reserve.

At January 1, 2021, the date of the most recent actuarial valuation, there were 201 participants consisting of the following:

Retirees and beneficiaries currently receiving benefits	50
Terminated vested participants not yet receiving benefits	45
Active employees - vested	67
Active employees - nonvested	<u>39</u>
 Total	 <u>201</u>

Contributions

The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standard law. The Board of Trustees of GMEBS has adopted a recommended actuarial funding policy for the Plan which meets State minimum requirements and will accumulate sufficient funds to provide the benefits under the Plan. The funding policy for the Plan is to contribute an amount equal to or greater than the recommended contribution described below. For fiscal year 2021, the actuarially determined contribution rate was 12.66% of covered payroll.

For fiscal year ended June 30, 2021, the City’s recommended and actual contribution was \$670,159 which was actuarially determined and is expected to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The amount of employer pension related expense recognized in the actuarial report dated January 1, 2021 and included in the government-wide statement of activities amounted to \$624,322.

**Pension Liabilities, Pension Expense, and Deferred Outflows and
Deferred Outflows of Resources Related to Pensions**

At June 30, 2021, the City reported a liability of \$3,922,855 for its net pension liability. The net pension liability was measured as of September 30, 2020 and was determined by an actuarial valuation as of January 1, 2021. The changes in the Net Pension Liability for the year ended September 30, 2020 (the measurement date) were as follows:

	Total Pension Liability	Fiduciary Net Position	Net Pension Liability
Balances at beginning of year	\$15,045,965	\$ 11,581,319	\$ 3,464,646
Changes for the year-			
Service cost	303,231	-	303,231
Interest	1,112,310	-	1,112,310
Differences between expected and actual experience	540,330	-	540,330
Contributions - Employer	-	423,736	(423,736)
Net investment income	-	1,104,757	(1,104,757)
Benefit payments, including refunds of employee contributions	(534,055)	(534,055)	-
Administrative expense	-	(30,831)	30,831
Other	-	-	-
Net Changes	<u>1,421,816</u>	<u>963,607</u>	<u>458,209</u>
Balance at end of year	<u>\$16,467,781</u>	<u>\$12,544,926</u>	<u>\$ 3,922,855</u>

Effective January 1, 2015, the Plan was amended to provide for immediate participation for Employees. This change has no impact on service credited under the Plan and has no impact on benefits. As a result of this change, all Employees are now included in the valuation. This change has minimal impact on the Plan's liability.

Amounts reported for the fiscal year ending in 2020 and later reflect the following assumption changes based on an actuarial study conducted in November and December 2019:

- The investment return assumption was decreased from 7.75% to 7.375%.
- The inflation assumption was decreased from 3.25% to 2.25%.
- The cost-of-living assumption was decreased from 3.25% to 2.25%.

**Pension Liabilities, Pension Expense, and Deferred Outflows and
Deferred Outflows of Resources Related to Pensions, continued**

For the year ended June 30, 2021, the City recognized pension expense and deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Service cost	\$ 303,231
Interest on The Pension Liability (TPL)	1,112,310
Administrative expenses	30,831
Expected return on assets	(848,917)
Deferred Inflows -	
Expensed portion of current year period differences between expected and actual experience in TPL	108,066
Expensed portion of current year period assumption changes	-
Expensed portion of current year period differences between projected and actual investment earnings	(51,168)
Current year recognition of deferred inflows and outflows established in prior years.	<u>(30,031)</u>
 Total expense	 <u>\$ 624,322</u>

\$502,620 reported as deferred outflows of resources related to pensions resulting from the City's contributions made subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

F/Y/E June 30,	Deferred Outflows	Deferred Inflows	Net
2022	\$ 366,388	\$ (336,914)	\$ 29,474
2023	366,388	(89,504)	276,884
2024	266,935	(38,838)	228,097
2025	<u>108,066</u>	<u>(51,168)</u>	<u>56,898</u>
	<u>\$1,107,777</u>	<u>\$ (516,424)</u>	<u>\$ 591,353</u>

Outstanding balances of deferred outflows/inflows of resources related to pensions as of June 30, 2021 are as follows:

	<u>Outflows</u>	<u>Inflows</u>
Contributions subsequent to the measurement date	\$ 502,620	\$ -
Demographic	1,107,777	(70,862)
Investment	-	(134,128)
Assumption change	-	(311,434)
Total	<u>\$ 1,610,397</u>	<u>\$ (516,424)</u>

9. EMPLOYEE BENEFIT PLANS – (Continued)

Defined Benefit Plan – GMA Administered, continued

Actuarial Assumptions

The total pension liability in the January 1, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Assumptions:

Net Investment Rate of Return	7.375%
Projected Salary Increases	2.25% plus service based merit increases
Cost of Living Adjustments	2.25%
Mortality Rates -	
Healthy retirees and beneficiaries	Sex-distinct Pri-2012 head-count weighted Healthy Retiree Mortality Table with rates multiplied by 1.25
Disabled participants	Sex-distinct Pri-2012 head-count weighted Disabled Retiree Mortality Table with rates multiplied by 1.25
Plan Termination Basis	1994 Group Annuity Reserving Unisex Table

The actuarial assumptions used in the January 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2019 conducted in November and December 2019.

The long-term rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan’s target asset allocation as of March 31, 2020 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	45.00%	6.40%
International equity	20.00%	7.05%
Global fixed income	5.00%	1.25%
Real estate	10.00%	4.50%
Domestic fixed income	20.00%	1.15%
Total	100.00%	

(See Independent Auditor’s Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

9. EMPLOYEE BENEFIT PLANS – (Continued)

Defined Benefit Plan – GMA Administered, continued

Discount Rate

The discount rate used to measure the total pension liability was 7.375 percent. The projection of cash flows used to determine the discount rate assumed that contributions from the City will be made at the actuarially determined contribution rate. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the Net Pension Liability
 To Changes in the Discount Rate*

The following presents the City’s net pension liability calculated using the discount rate of 7.375 percent, as well as what the City’s net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1% Decrease	Current Rate	1% Increase
	<u>6.375%</u>	<u>7.375%</u>	<u>8.375%</u>
Net Pension Liability	\$ 6,250,065	\$ 3,922,855	\$ 2,003,222

Pension Plan Net Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued City of Austell Retirement Plan financial report.

10. DEFERRED COMPENSATION PLAN

The City of Austell, Georgia offers its employees an Internal Revenue Code Section 457 Plan (the “Plan”) which is a deferred compensation plan that qualifies as a defined contribution pension plan. The Plan is administered by a third party administrator, Mass Mutual. The City has no fiduciary relationship with the Trust. Accordingly, the Plan assets are not reported in the City’s financial statements. Plan provisions and contribution requirements are established and may be amended by the City’s Mayor and Council. At June 30, 2021, there were 58 plan members in the plan.

Employees are not required to contribute to the Plan. Employees may contribute a portion of their gross salary, not to exceed the IRS guidelines, into the Plans. The Plan allows employees to increase, decrease, stop and restart deferrals as often as they wish without penalties or fees. Total employee contributions for the fiscal year ended June 30, 2021 were \$161,155.

(See Independent Auditor’s Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

11. JOINT VENTURE

Under Georgia law, the City, in conjunction with other cities and counties in the Atlanta, Georgia area, is a member of the Atlanta Regional Commission (ARC). Dues to the ARC are assessed at the County level and are, accordingly, paid by Cobb County. Membership in the ARC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the ARC in Georgia. The ARC Board membership includes the chief elected official of each county and various municipalities of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of the ARC. Separate financial statements may be obtained from ARC, 40 Courtland Street, NE, Atlanta, Georgia 30303.

12. RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other municipalities in the State as part of the Georgia Interlock Risk Management Agency Property and Liability Insurance Fund and the Georgia Municipal Association Group Self-Insurance Worker's Compensation Fund, public entity risk pools currently operating as common risk management and insurance programs for member local governments.

As part of these risk pools, the City is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also to allow the pool's agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the workers' compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgement, and all expenses incurred for investigation, negotiation or defense.

Settled claims have not exceeded the coverages in the past three (3) fiscal years.

The City carries commercial insurance for other risks of losses. For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage in the past three (3) fiscal years.

13. COMMITMENTS AND CONTINGENCIES

Litigation:

The City is currently a defendant in a lawsuit in which the plaintiff claimed that the City had terminated his employment in violation of the Georgia Whistleblower Act. The plaintiff is asking the Court to award damages and attorney fees and cost of litigation. After conducting a thorough analysis of the claims, management and legal counsel concluded that the City did not violate the Whistleblower Act. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the City.

Grant Contingencies:

The City has received Federal and State Grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, management of the City believes such disallowances, if any, will not be significant.

(See Independent Auditor's Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

13. COMMITMENTS AND CONTINGENCIES, (Continued)

Stormwater Fees:

At June 30, 2015 the City was in negotiations with a private corporation regarding the propriety of charging the Company stormwater fees. The Company maintained that they have a federal license to maintain their own stormwater run-off system and that the City does not participate in any activity related to the Company's system and therefore the Company should not be charged a fee. Unpaid stormwater fees assessed to the Company for the calendar years 2013 and 2014 amounted to \$176,900 and were reported in the City's Stormwater Fund Balance Sheet as of June 30, 2015. During fiscal year ended June 30, 2016 the Company and the City reached an agreement to solve the issue. Amounts owed as of June 30, 2015 were written off by the City and a settlement of \$110,000 was recorded by the City as a stormwater receivable. The Company also agreed to contribute to the City \$25,000 a year for the next ten years, which was recorded as a receivable in the City's General Fund. The amount due from the Company as of June 30, 2021 was \$125,000.

14. HOTEL/MOTEL LODGING TAX

The City imposes a hotel/motel tax on lodging facilities within the City. The tax was assessed at 8%. Revenues were \$1,501 for the fiscal year ended June 30, 2021. Of this amount, 62.5%, or \$938, was remitted to the Cobb-Marietta Coliseum and Exhibit Hall Authority as is contractually obligated. The receipts from the City, less 37.5% are pledged as a revenue source for debt service requirements of the Authority. Of the amount remitted to the Authority, the City will obtain a reimbursement of 40%

The City expended \$3,518, including the amount remitted to the Cobb-Marietta Coliseum and Exhibit Hall Authority, during the current fiscal year to promote tourism as required by O.C.G.A. 48-13-51.

15. OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

General accepted accounting principles require disclosures, as a part of the basic financial statements – overview, of certain information concerning individual funds including –

A. Deficit fund balances or net position balances of individual funds – As of June 30, 2021, the following funds had a negative fund balance:

Multiple Grant Fund	\$ 119,402
Non-Major Governmental Funds -	
Emergency Telephone System	5,073
2017 Douglas Co Splost Fund	1,559

Management expects the deficit to be funded through future revenues and transfers from the General Fund, if necessary.

B. Excess expenditures over budget – None of the City's funds or departments incurred material excesses (if over 5 percent and greater than \$5,000) of expenditures over appropriations at the department level (the legal level of control) as reported in Note 2 to these financial statements.

(See Independent Auditor's Report)

CITY OF AUSTELL, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

16. SUBSEQUENT EVENTS

In July 2021 the City entered into an intergovernmental agreement with the State of Georgia, Governor’s Office of Planning and Budget for participation in the American Rescue Plan Act. This Act was passed by the U. S. Congress to help the Nation recover from the effects of the Coronavirus (Covid-19). The City received the first of two payments in July 2021 in the amount of \$1,338,769. The second payment is expected to be received in July 2022. The grant funds are to be spent on eligible projects under the grant agreement by December 31, 2024.

**COMBINING AND INDIVIDUAL
FUND STATEMENTS
AND SCHEDULES**

CITY OF AUSTELL, GEORGIA
NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt services or capital projects.

Confiscated Assets Fund – To account for the City’s share of excess funds received from confiscated capital and equipment. Georgia law allows police agencies to file for seizure of property related to illegal substances or activities. These funds must be used to purchase police equipment.

Emergency Telephone System Fund – Established in compliance with State Law to account for the receipt of the “911” Emergency Telephone System charges by communication firms. This revenue is used to offset the costs of operating the “911” system.

Hotel/Motel Tax Fund – Established to account for the collection of an 8% excise tax on charges for hotel/motel accommodations in the City. This levy is required by State law to promote tourism, conventions, trade shows, and other related purposes. 62.5% is remitted to the Cobb-Marietta Coliseum and Exhibit Hall Authority as is contractually obligated. The receipts from the City, less 37.5% are pledged as a revenue source for the debt service requirements of the Authority. Of the amount remitted to the Authority, the City will obtain a reimbursement of 40%.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are used to account for financial resources restricted, committed, or assigned to expenditure for the acquisition or construction of capital assets.

Douglas County 2017 SPLOST Funds – To account for the acquisition and construction of major park improvements that were approved by the voters of Douglas County, Georgia through the special purpose local option tax referendum.

Cobb County 2005 SPLOST Funds – To account for the acquisition and construction of major improvements that were approved by the voters of Cobb County, Georgia through the special purpose local option tax referendum.

Note -

The Cobb County 2005 SPLOST Fund was not presented in the f/y 2020 audit report since all monies maintained by the City had been spent. However, during f/y 2021 the City received a check from the County in the amount of \$444,557 for monies remaining from major street projects that the County was managing. Therefore, the 2005 SPLOST Fund has been reported in the 2021 audit report, which includes monies spent by Cobb County for major street projects.

STATISTICAL SECTION

This part of the City of Austell's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

	<u>Page</u>
Financial Trends	65
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	72
These schedules contain information to help the reader assess the City's most significant local revenue sources, property taxes and franchise fees.	
Debt Capacity	78
These schedules present information to help the reader assess the affordability of the City's current level of outstanding debt and the City's ability to issue additional debt in the future.	
Demographic and Economic Information	83
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	
Operating Information	86
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant fiscal year. GASB Statement number 54 established a hierarchy of fund balance classifications based primarily on the extent to which governments are bound by constraints placed on resources. The effective date for implementation of GASB 54 was for periods beginning after June 15, 2010. Presentation for fiscal years 2006-2010 are prior to the implementation of GASB Statement No. 54. Fiscal year 2011 was the first fiscal year of implementation for GASB Statement No. 54. Fiscal year 2013 was the first fiscal year of implementation of GASB 63 and 65 and 2015 was the first fiscal year of implementation of GASB 68.

	<u>\$ -</u>		<u>\$ 45,092</u>
Total Direct and Overlapping Debt:	<u>435,485,000</u>		<u>4,490,742</u>

Sources: Assessed value data used to estimate applicable percentages provided by the Cobb County Finance Department. Debt outstanding data provided by Cobb County Finance Department and Cobb County School District.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Austell, Georgia. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt, of each overlapping government.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the Cobb County's total taxable assessed value.
